**CROWNED  
MISS BEAUTIFUL**  
Think you're hidden and beautiful? Think again!  
Being there and being noticeable is there, no  
matter what you wear or do. Be noticed. Be  
noticed for the right reasons. Be noticed.

**FASHION  
REFLECTION**  
I think we Indians are beautiful, and I think only  
having been and being surrounded in love, can  
make what we do, our art or inspiration. There  
shouldn't be the kind of culture or other, there  
shouldn't be.
