industry dominate
the fashion world
more than they ever did.
and control not only the way people dress but
also trends in home-wear design making fashion
& people's overall attitudes. In the 60s flower
power power did not only mean flowers & music,
it summed up the whole attitude of the
times, it generations and these times
more prominent today.

It is quite understandable why famous designers tend to give reign to their imagination and create clothes that look interesting but are hardly wearable. They are guided by the desire to attract the public attention to their creations, but this desire, unfortunately, means that they are inclined to bypass the everyday life of lay people. Fashion colors trends are an interesting aspect of modern culture's trends. It is not a rare occurrence when the whole city suddenly falls in love with a certain color. The clothes stores abound in items of all shades and hues of this particular color.

Everyone tries to put on as much pieces of clothes of this very color as possible, without taking into the consideration the fact that various shades of one color do not usually go together. What is crucial in their perception is marching along with the fashion. Accessories trends are generally no so revolutionary. Until the recent times it was commonly accepted that the shoes and the purse should be matching.
