*The dress must follow the body of a woman not the body following the shape of the dress.*

Being well dressed hasn't much to do with having good clothes. It's a question of good balance and good common sense. Clothes mean nothing until someone lives in them.

356-010

What you wear is how you present yourself to the world, especially today, when human contacts are so quick.  
Fashion is mother language. You can have everything you want in life if you dress for it.

*Elegance is not standing out, but being remembered. The hardest thing in fashion is not to be known for a style, but to be known for a silhouette.*

*Fashion is about showing according to what's fashionable. Style is more about being yourself.  
Style is something each of us already has, all we need to do is find it.*
